

A Safety Checklist for Apartments:

Check Out Your Apartment

Does your:

- Entry door have a deadbolt lock and peephole?
- Sliding glass door have a wooden rod in the track so it can't be opened and pins in the overhead frame so it can't be lifted out?
- Landlord or building manager tightly control keys? For extra security leave a radio or light on when you are gone. You can tell neighbors or your building manager when you leave for a trip.

Check Out Your Building

- Is there some type of control who enters the building-a locked door with apartment buzzers?
- Are walkways, entrances, parking areas, elevators, hallways, stairways, laundry rooms and storage areas well lighted 24 hours a day?
- Are fire stairs locked from the stairwell side above the ground floor so you can exit but no one can enter?
- Are mailboxes in a well-traveled well lighted area and do they have good locks?
- Are things well-maintained-are burnt out lights fixed properly, shrubs trimmed, trash and snow removed?

Check Out the Neighbors

- Get to know your neighbors and neighborhood
- If you live in a larger complex think about a tenant watch
- Work with landlords to sponsor social events
- Look beyond problems to causes-does your building need a play area, a playground or better playground, a social evening for teens, new landscaping, a basketball hoop? Work with your landlord for changes that make everybody proud of where they live.
